Head Drosdy 4th May 1847

No. 110

To
The Deputy Commissioner
of the Lower Overberg District

Sir

In reply to your letter No. 92 of
the 29th Ult. on the subject of certain
New Roads under taken as Relief Works,
I have the honor to inform you that it
is quite impossible for me without full
information to pass any orders regarding
these projects and them on to the Chief
Commissioner.

2 The orders are most stringent against
New Roads being undertaken without
previous reference and sanction whereas
from the letter under reply it appears
that more than 13,000 Rixdollars have been
spent on New Roads which are not
really necessary & the termini of which
are not even in some instances made
in the newest road, much less justified;
and the fact that the money has been spent
without a previous reference under such
circumstances is serious

3. I request you will therefore furnish the Collector's particulars without delay together with a sketch map showing the position of these lines of Road. as I cannot move further in the matter for under existing instructions, I should be incurring a heavy responsibility if I sanction or pay for any of the expenditure referred to without the Collector's information.

I have &c &c

Deputy Commissioner's Office

No. 1073.

Tumkur 22nd March 1878.

To. The Commissioner of the Mysore Division

Sir, With reference to your letter No. 110 dated 4th May last, I have the honor to submit a Sketch Map showing the line of the new roads undertaken as relief works in this District together with a list showing the total expenditure incurred on each road during 1876-77 and 1877-78.

2 In submitting the measure I beg to state that the proposed roads were included in the list forwarded with this Office No. 917 dated 27 January 1877. explaining in detail the reasons for commencing the works in anticipation of sanction due attention having been given to the necessity of the projects both as relief works and works of general utility

3. As requested in your No. 741 dated 8th February 1877 the estimates of the proposed new Roads were submitted with this Office No. 1159 and 92 dated 27th March and 27th April respectively.

4. Only Rupees 4600 were spent on these roads, and the expenditure has been passed by

No. 2681

Superintending Engineer's Office
Roads and Building
Bangalore D.o 8th July 1878.

To

The Chief Engineer and Secretary to the
Chief Commissioner. P. W. D.

Sir.

From the Chief Commissioner's order on the District Funds Budget of Tumkur for current year — copy of which was forwarded to me with your No. 746 of 7th June — I observe that no provision has been made for the completion of bridges on the Sira — Amanpur road. I venture to point out how — desirable it is that these two bridges already — carried up to springing nearly, should not be — postponed.

2. I was somewhat surprised to remark from para 5 of the Proceedings that six altogether new works had been proposed by the Local Funds — Committee, whilst no mention whatever was — apparently made of two such important bridges as those near Sirah of which half the estimate of Rupees 15,022 has already been spent. This appears to me to indicate that the Executive Engineer of the Division was not consulted as — regards the projects to be budgetted for — indeed I am inclined to think that in some of the Districts the Executive Engineers, most important members of Local Funds Boards, have either —

Likewise

instantly abdicated their functions or are being quietly set aside.

I have &c.

(Signed) C. Bowen Captain R.E.

Offg. Supdg. Engineer

MR

No. 1907 of 29-7-78

To

Secretary General Department.

Would Major Clarke kindly read Captain Bowens No. 2681 of 20th instant in this file. It certainly is a great pity that two half built bridges should stand over, & only pressing reasons would warrant their doing so, while entirely new works are sanctioned to be begun.

This Sirá Amrapur Road is an access to the nearly inaccessible Panagada Táluk, & although it does not connect Panagada with its own district head quarters, still when the Vedavati is in flood it is the directest road from Chitaldroog to Panagada. Perhaps the matter may bear reconsideration, & the Kunigal Dwasafirkhana & the Sirá dispensary be allowed to stand over for a time.

(Signed) C. S. Bowerieff
27-7-78.

Despatch
Sb. No. 1587
D.F. 363

The explanation for the omission of this work in the District Fund Budget is, that the work was transferred to the Public Works Department under instructions of Famine Additional Secretary's No 684 of 23rd October 1877. No intimation appear to have been given of the intention of the Public

Works Department to retransfer the work, if unable to carry it out as a Famine Relief Work.

2. The Commissioner will be asked to report for the Chief Commissioner's orders, on the exp= =pediency of carrying on this work, from funds available, and not to take up the 2 new works referred to above

3. The Commissioner has not yet explained why the Executive Engineer was not present when the District Fund Budget was passed, that is whether notice was given to him of the meeting of the Committee.

(Signed) A. G. Clarke
Secretary.

of his advice, and assistance in the preparation of the Budget. — The Dy: Comr? adds that owing to the understanding that the work was to be carried out by the Public Works Department, no provision was made for the road in the District Fund Budget, and that he is now unable to point out any source from which the outlay can be met unless some of the new works included in the Budget are cancelled. —

2. In the absence of information as to the actual expenditure incurred by the Public Works Department towards the construction of Bridges on the road, the undersigned is not in a position to state what amount will be required for expenditure in the current year — but on a reference to the sanctioned Budget, he observes that the total estimated expenditure is Rs 33,938, against a probable income of Rs 46,984 thus leaving a balance of Rs 13,046 available for expenditure on other new works. —

3. The undersigned would therefore suggest that a supplemental Budget be prepared after the requirements have been ascertained for the current year on account of both the road & bridges. —

In returning the enclosures received with the above, has the honor to state that

that the undersigned is unable to submit a reappropriation Statement, as requested, all the available funds at the disposal of the Commissioner and Deputy Commissioner having already been appropriated for incomplete works of last year as per reappropriation Statement submitted with this Office No. 375 of 26th ultimo.—

Under these circumstances begs that the amount may be appropriated from the anticipated balance between income and expenditure as suggested in the concluding portion of para 2 of this Office No. 302½ of 3rd October 1878.—

Commissioner

No. 2941

Mysore Public Works Department
Central Office
Bangalore 26th November 1898.

From

Lieut. Colonel H. A. Johnson
Offg: Chief Engineer of Mysore

To

The Secretary to the
Chief Commissioner of Mysore
Duffer Department.

Sir

On returning Mundyding Commissioner's docket No. 302 of the 3rd instant, regarding bridges on the Sira-Amrapur Road forwarded for report with your No. 2153/499 dated 14th October 1898 I have the honor to forward for your information copy of a letter and statement furnished by the Executive Engineer Tumkur Division. ——

II. —— In forwarding the above the Superintending Engineer remarks that these bridges should certainly be pushed forward and completed. ——

III. —— Captain Symes is under the impression that he was informed by Mr. White that he attended the District Fund meeting on the date fixed, that

Executive Engineers Office
Tiimkur Division
Tiimkur 11th November 1878.

From,

The Executive Engineer
Tiimkur Division

To,

The Superintending Engineer
Roads and Buildings Branch.

Sir

With reference to your No. 3932 of 16th October, regarding the Sirah-Amrapur Bridges, I have the honor to report that the total expenditure incurred to date in this Division is Rupees 7,019-8-5 and that, should the work be commenced early next month, the Bridges could be nearly completed with the exception of the Parapets before the end of the Official year with an outlay of Rupees 8000/- the total value of work remaining to be done being, according to Estimate, Rupees 9,600 and the value of materials at site Rupees 400/-

A comparative statement for the Bridges is herewith forwarded.

The Local Fund Meeting for the preparation of the Budget was held on the 24th December

December 1877.

The enclosures are herewith returned.

I have the honor to be &c.

Signed H. L. & E. G. Purnell Chief Clerk

Executive Engineer.

Assistant Engineer.

District Funds

Mundydroog Comm.r's No 379 dy 3rd December 1878 stating that he is unable to submit a reappropriation statement for providing funds for bridging the Sirsi Amanapoor road in the Dumbhur District; all the available funds at his & the Dy Comm.r's disposal having already been appropriated, & suggesting that the amount may be appropriated from the anticipated cash balance on 31 March next - between income & expenditure of the Dumbhur District Fund Budget of the Current year.

Order thereon ~~No 813 dy 14th inst~~ 638

It is observed that there will be no balance, as originally estimated in favor of the District owing to the large outlay on Relief Works

payable to District Funds.

Provision for the work above specified should therefore be made only in the Budget for next year

Sept 7/17.
